

CERA AQ

WATER BASED, UNIVERSAL LIQUID FLOOR WAX

Description:

CERA AQ is a liquid water based wax for the regular application to marble, granite, terrazzo and agglomerate internal surfaces to renew and to increase surface gloss of domestic and commercial floor surfaces. Easy application, safe and will resist to scuffs and marks. Product does not create product layers or give any plastic effects.

How to use:

Product is ready for use. Keep out of the reach from children

Apply a small amount of CERA AQ uniformly to clean and dry areas to be treated by a wax applicator or using clean cloth. Allow 20 minutes curing time before polishing using a manual light polishing machine and felt pad. Add a second coat if gloss needs to be increased. (if product needs to be applied to old or previously treated surfaces with older waxes, we suggest pre-cleaning surface using the product REMOVER before applying CERA AQ)

Dilutions:

n.a.

Notes:

For future surface maintenance of treated surface, we highly recommend using our product DETERCLEANER

Coverage:

Depending on surface to be treated, 1kg of product will cover from 30 – 50 m²

Packaging:

1000 ml bottles available in boxes of 10 pieces

Whoever before using this product, should fully read completely the product label, the technical data sheet and material safety data sheet or contact us directly for any information. We highly recommend to follow precisely all indications within supplied documentation. We highly recommend that the product is always tested first in a inconspicuous area so to determine the products compatibility and final result with the material to be treated. In all cases please maintain packaging tightly closed and always out of the reach of children. Always supply adequate ventilation when using product indoors and do not eat or drink during product use. Our technical advice, whether verbal or in writing is given in good faith without warranty and should not be considered binding towards third parties. We highly suggest that product is used always under the best professional working conditions possible. Product use and application is under the sole responsibility of the user and beyond our control. We guarantee product quality as of our production standards and supplied terms and conditions. Should, in spite of this, liability be established for any damage, it will be limited to the value of the goods delivered by us and used by you.
