

# SOLV

## SOLVENT BASED, UNIVERSAL DEGREASER/STRIPPER

### Description:

SOLV is a specific solvent based detergent for the deep cleaning and removal of grease and oil based dirt and grime, previously applied waxes or sealers, glues and surface residues which cannot be removed using a traditional alkaline based detergent. Based on its formulation of specific mixture of solvents, product will not damage polished surfaces or leave surface films, preparing the surface for the application of eventual new finishes. On excessive problematic residues product can be used in combination with DETERCANTIERE or effective cleaning.

### How to use:

Protect and cover all surroundings and metallic fixings using PVC sheeting and tape. Wear suitable PPE equipment during product use (gloves, eye protection and clothing). Product is ready for use.

Proceed to pour the solution to area to be cleaned using a low pressure spray or applicator. Leave product in contact with surface for 2/3 minutes before scrubbing surface manually or using a mono brush and felt or bristle pad until all residues are dissolved. Remove residues using a wet vacuum and rinse with clean water.

### Dilutions:

n.a.

### Notes:

n.a.

### Coverage:

Depending on surface and residues to be removed, 1lt of product will clean up to 20m<sup>2</sup>

### Packaging:

1000 ml bottles available in boxes of 10 pieces - 5000 ml containers available in boxes of 2 pieces - 10 l. and 60 l. containers available on request

*Whoever before using this product, should fully read completely the product label, the technical data sheet and material safety data sheet or contact us directly for any information. We highly recommend to follow precisely all indications within supplied documentation. We highly recommend that the product is always tested first in a inconspicuous area so to determine the products compatibility and final result with the material to be treated. In all cases please maintain packaging tightly closed and always out of the reach of children. Always supply adequate ventilation when using product indoors and do not eat or drink during product use. Our technical advice, whether verbal or in writing is given in good faith without warranty and should not be considered binding towards third parties. We highly suggest that product is used always under the best professional working conditions possible. Product use and application is under the sole responsibility of the user and beyond our control. We guarantee product quality as of our production standards and supplied terms and conditions. Should, in spite of this, liability be established for any damage, it will be limited to the value of the goods delivered by us and used by you.*
