

# DETERCANTIERE

## CONCENTRATED HEAVY DUTY DETERGENT FOR DEEP CLEANING

### Description:

Concentrated detergent soluble in water for deep cleaning of all internal or external stone and hard floor surfaces. Its formulation allows to clean deeply stone surfaces and joints of marble, granite, honed, flamed or bush hammered finishes removing and breaking down all dirt and grime. Product will not damage or corrode wood, paint or aluminum surfaces. Diluted as indicated, product can be used on previously sealed surfaces as a periodic cleaner or inserted into maintenance cycle of hard floor surface

### How to use:

Protect and cover all surroundings and metallic fixings using PVC sheeting and tape. Wear suitable PPE equipment during product use (gloves, eye protection and clothing).

Prepare a solution of product and water following the indicated dilution rates and proceed to apply the solution to area to be cleaned using a low pressure spray or applicator. Leave product in contact with surface for 2/3 minutes before scrubbing surface manually or using a mono brush and felt or bristle pad until all residues are dissolved. Remove residues using a wet vacuum and rinse with clean water.

### Dilutions:

For light cleaning: dilute in water using a ratio of 1:15  
For standard cleaning: dilute in water using a ratio of 1:10  
For heavy duty cleaning: dilute in water using a ratio of 1:5
