

DETERCLEANER

ph NEUTRAL UNIVERSAL SANITIZING DETERGENT

Description:

DETERCLEANER is a ph neutral sanitizing detergent for daily cleaning of all marble, granite and hard floor surfaces. Product cleans effectively all cleanable surfaces, without leaving patinas or surface residues. Excellent sanitizing action due to formulation containing quaternary ammonium salts for effective staining of organic residues and material. Product highly recommend on polished marble worktops and for daily surface cleaning of all hard surfaces. Will not break down previously applied waxes or coatings on floors.

How to use:

Dilute product as indicated in bucket of water and proceed to apply desired solution by a wet mop system or spray to floor or surface. Mop evenly to remove all surface dust and grime. On worktop surfaces spray product, and wipe off using a clean cloth.

Dilutions:

Polished marble and honed surfaces: dilute product using ratio of 1:40
Sandblasted, bush-hammered and textured surfaces: dilute product using ratio of 1:20
Rustic Terracotta: dilute product using ratio of 1:20 (commercial 1:40)
Linoleum, LVT, Vinyl, Ceramic surfaces: dilute product using ratio of 1:20

Notes:

To facilitate future protection, cleaning and maintenance we highly suggest the surface is protected using recommended sealer for type of material.

Coverage:

1lt of product can clean up to 1000m² (diluted)

Packaging:

1000 ml bottles available in boxes of 10 pieces - 5000 ml containers available in boxes of 2 pieces - 10 l. and 60 l. containers available on request

Whoever before using this product, should fully read completely the product label, the technical data sheet and material safety data sheet or contact us directly for any information. We highly recommend to follow precisely all indications within supplied documentation. We highly recommend that the product is always tested first in a inconspicuous area so to determine the products compatibility and final result with the material to be treated. In all cases please maintain packaging tightly closed and always out of the reach of children. Always supply adequate ventilation when using product indoors and do not eat or drink during product use. Our technical advice, whether verbal or in writing is given in good faith without warranty and should not be considered binding towards third parties. We highly suggest that product is used always under the best professional working conditions possible. Product use and application is under the sole responsibility of the user and beyond our control. We guarantee product quality as of our production standards and supplied terms and conditions. Should, in spite of this, liability be established for any damage, it will be limited to the value of the goods delivered by us and used by you.
