

# DETERMAC

## SUPER CONCENTRATE UNIVERSAL DETERGENT FOR DEEP CLEANING

### Description:

Highly concentrated detergent soluble in water for deep cleaning of all internal or external stone and hard floor surfaces. DETERMAC is highly effective and breaks down grease fatty based substances, oils, organic build ups, atmospheric build ups and general dirt and grime. Highly recommended on rough, flamed or honed stone surfaces, product will not damage surfaces due to its formulation. DETERMAC can be used manually or used in walk behind scrubber dryers due to its controlled anti foam properties.

### How to use:

Protect and cover all surroundings and metallic fixings using PVC sheeting and tape. Wear suitable PPE equipment during product use (gloves, eye protection and clothing).

Prepare a solution of product and water following the indicated dilution rates and proceed to apply the solution to area to be cleaned using a low pressure spray or applicator. Leave product in contact with surface for 2/3 minutes before scrubbing surface manually or using a mono brush and felt or bristle pad until all residues are dissolved. Remove residues using a wet vacuum and rinse with clean water.

If used in scrubber dryers, please refer to below dilution rates.

### Dilutions:

For manual light cleaning: dilute in water using a ratio of 1:10  
For standard cleaning with mono brush: dilute in water using a ratio of 1:30  
For application in scrubber dryers: dilute in water using a ratio of 1:20

### Notes:
