

# ZEUS ZIP

## SUPREME, HIGH PERFORMANCE, SOLVENT BASED COLOUR ENHANCER FOR POLISHED MARBLE AND GRANITE

### Description:

Supreme formulation, high performance, colour enhancer for polished, marble granite and natural stone surfaces. Highly recommended for uni-forming surface appearance while enhancing natural colors of materials. Product protects material from water /dirt deposits on both internal/external polished/textured surfaces. Highly recommended to be used in a industrial/production level, with application directly to slabs to eliminate micro hairline cracks, flowers or shadows in slabs. ZEUS ZIP does not leave surface films. Product is odorless and non yellowing. Breathable and UV resistant.

### How to use:

Always test product first before proceeding with complete product application in order to determine final finish and products compatibility with material. Protect and cover all surroundings and metallic fixings using PVC sheeting and tape. Wear suitable PPE equipment during product use (gloves, eye protection and clothing). Product is ready for use. Do not apply where temperatures are below 10°C. product will dry completely after 36/72 hours.

#### Manual application:

Always apply to dry and clean surfaces. Apply buy cloth, roller or spray in a uniform way to surface- Allow a contact time of 1 hour so to allow a complete product penetration and proceed to remove all excess product residues manually or using mono brush and cotton pad.

#### Industrial application:

Product can be inserted into a production line applying product through specific application systems and machines. Based on material and absorption, product is applied by spray and excess product is removed trough specific felt pads. Touch dry materials can be packed and shipped.

### Maintenance:

ZEUS ZIP is compatible with surface waxes and treatments. For daily cleaning of treated surface with recommend using our product DETERCLEANER diluted in water as indicated in TDS. For periodic or extraordinary cleaning cycles, please proceed and clean treated surface using DETERMAC diluted as indicated on TDS.
